## <u>Through the Ages</u> <u>Home Learning Project</u>

We would like you to choose at least one activity from the grid below to work on at home. You can be as creative as you like and feel free to adapt the ideas if you wish. We would like home learning projects to be in by Friday 10<sup>th</sup> June (the week after half-term). We can't wait to see what you create!

Make a poster or information booklet about the animals that would have been alive during the Stone Age.	Create a replica of a Stone Age tool.	Make a model of a Stone Age home or village.
Research cave paintings and create one of your own.	Find out about Stonehenge and make a slideshow to explain your learning to the rest of the class.	Pretend to be a TV presenter who has travelled back in time. Video yourself describing what life was like for Stone Age people.

If you need any help or ideas, please ask! Below, you will see some helpful links to support your research.

<u>BBC Bitesize - Prehistoric</u> <u>Imagining History - A guide to cave painting</u> <u>BBC Class Clips - Stone Age Tools</u> <u>BBC - What is Stonehenge?</u> <u>National Geographic Kids - Skara Brae</u>
